MAKE RESEDA BLVD. A GREAT STREET! OPEN HOUSE #2

Please join us for a community open-house to learn about upgrades coming to Reseda Boulevard in Northridge. We have engaged businesses and residents on desired upgrades to the street centered around the following themes: safety, placemaking, economic impact, and innovation. These themes, along with the goals in the Northridge Vision Plan, have led to new and exciting design concepts that provide for a street that is safer and more predictable for people who drive, walk, bicycle, and take transit to and from local businesses and destinations. The street is scheduled to be resurfaced at the end of March, and we will take this opportunity to demonstrate these concepts. We look forward to discussing them with you and hearing your input!

Monday, March 23, 2015

6-8PM

Northridge Library

9051 Darby Avenue

Northridge, CA 91325

(Parking available onsite and on street)
